RISKS IN RELATION TO THE FIRST OFFER

This being the first public issue of our Company, there has been no formal market for the Equity Shares of our Company. The face value of the Equity Shares is ₹10. The Floor Price, Cap Price and Offer Price (determined by our Company and the Selling Shareholders in consultation with the BRLMs and on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as stated under "Basis for Offer Price" beginning on page 98) should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of the Red Herring Prospectus. Specific attention of the investors is invited to "Risk Factors" beginning on page 27 of the RHP and page 7 of this Abridged Prospectus.

INTERNAL RISK FACTORS

Below mentioned risks are the top 5 risk factors as per the RHP:

1. Our business is dependent on the performance of the agricultural sector in which our fertilizers are used. Any developments affecting the performance of the agricultural sector are likely to affect our business, results of operations and financial condition.
2. Our business is subject to climatic conditions and is cyclical in nature. Seasonal variations and unfavourable local and global weather patterns may have an adverse effect on our business, results of operations and financial condition.
3. The fertilizer industry in India is a regulated industry. Any change in Government policies towards the agriculture sector or a reduction in subsidies and incentives provided to farmers could adversely affect our business and results of operations.
4. We have only one manufacturing facility until the completion of the Goa Transaction. Unplanned slowdowns or shutdowns in our manufacturing facility or underutilization of our manufacturing capacities could have an adverse effect on our business, results of operations and financial condition.
5. The extent to which the coronavirus disease (COVID-19) affects our business, results of operations and financial condition will depend on future developments, which are uncertain and cannot be predicted.
